

Cabéço de Mouro (670m)
(Volta ao Alentejo)

Black trail

Location

The 34th edition of the Volta ao Alentejo uses this very steep hill starting in Portalegre.
Official website : <http://www.podil.com/volta-alentejo/34/index.php>

Length : 1,5km

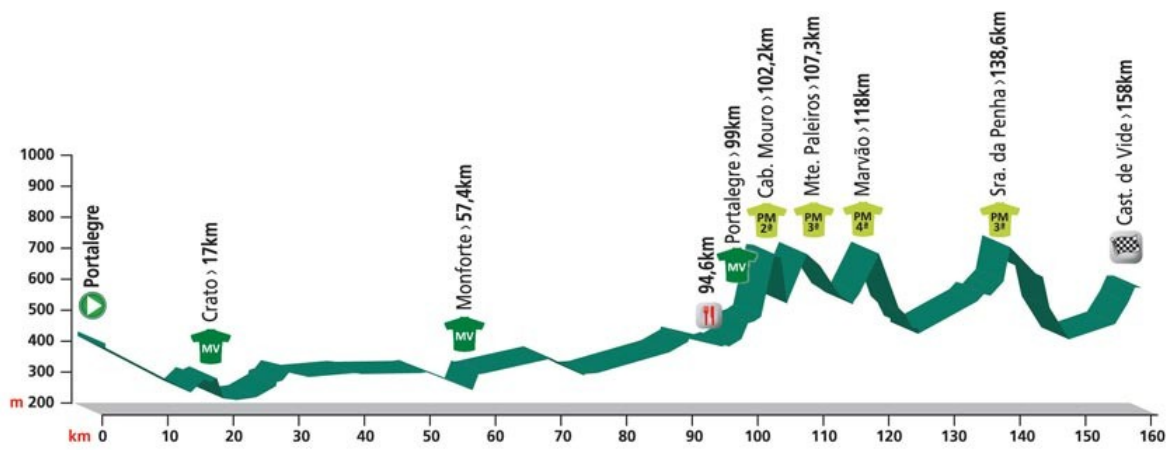

Elevation gain : 184m (670-486m)

Gradients hm (Openrunner) : 10 6 10 12 12 / 14 14 11 12 16 / 17 17 17 14 2

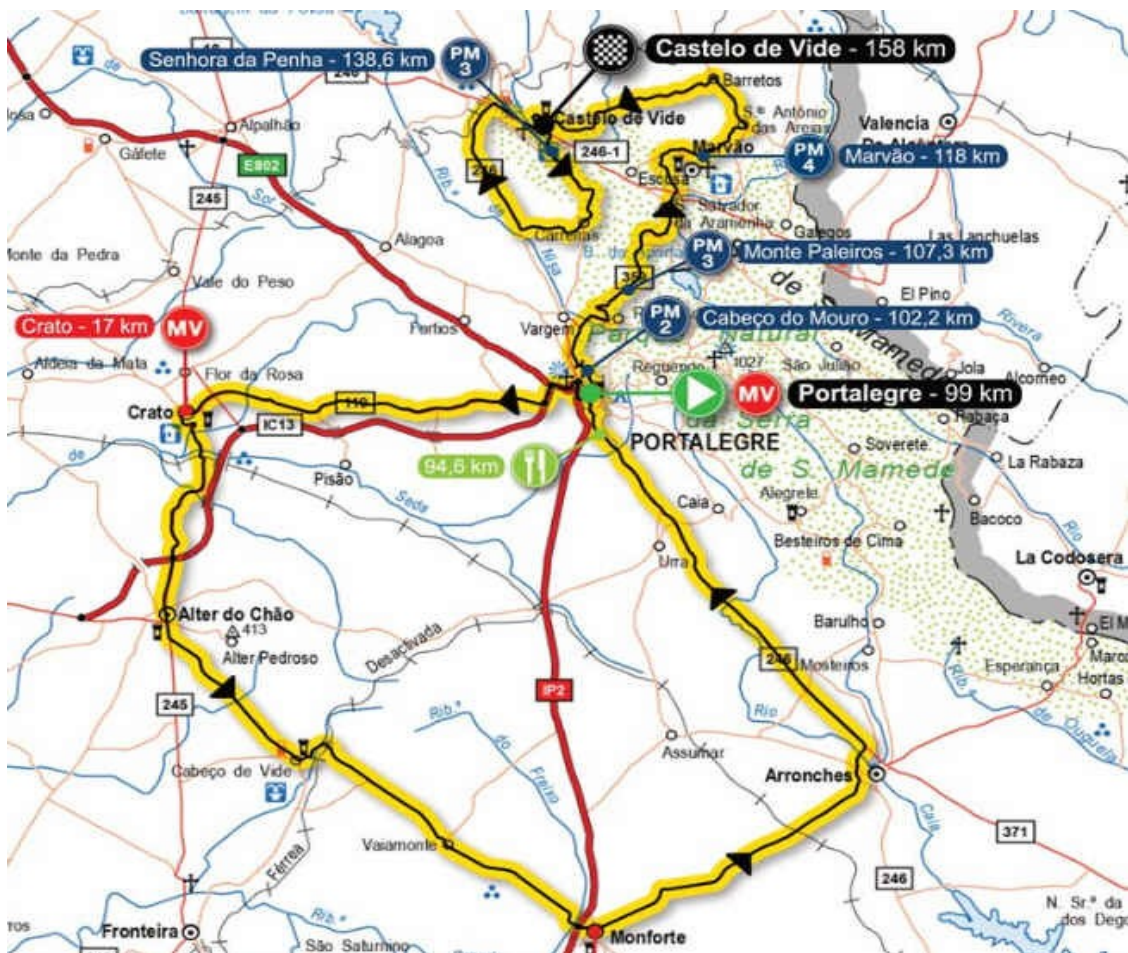

Thanks to Joao Feiteira for these very realistic 15 minutes :

1st stage profile

1st stage route

Stereo road sign. Fear of missing it ?

In low-angle shot, the last 300m at 17%

Zintchenko, winner in 2003. Cover up that gradient, which I can't endure to look on.

In the BIG Superlist, the region is represented by the Marvão castle and fortified village (BIG512), that is much more easier : 400m in 6km for its NE side.
